Re: Norma's Tavern

Dear Mayor Coffman:

I have examined the March 26, 1976, report of City Marshal R. Brown and the Kansas statutes relating to cereal malt beverage licensing, a copy of which is enclosed.

While I cannot by any means guarantee the District Court would confirm the governing body's revocation of this tavern owner's license, I think the officer, together with the Osage County Sheriff's deputies, has gathered evidence upon which the governing body is obligated to act.

The governing body has three options:

- (1) It may proceed to have a hearing to determine whether the license should be revoked or suspended.
- (2) it can ask me, as City Attorney, to file a civil action in District Court to enjoin the tavern operator from selling cereal malt beverages; or
- (3) it can request the officer file a complaint in City Court charging the tavern owner with misdemeanors.

Frankly, I would suggest the governing body hold a hearing to determine whether the owner's license should be revoked or suspended. Although, pursuant to K.S.A. 41-2708, the governing body would have to give the licensee five days' notice of hearing, and then conduct a hearing at which the licensee would have the right to attend and offer evidence in her defense, still this procedure forces the licensee to take the action necessary to get the matter into District Court, by appeal from the governing body's decision, in contrast with the injunction or criminal proceedings, which the City must institute. In addition, should the governing body decide, at the hearing, to revoke or suspend the license, that action remains in effect pending the licensee's appeal to District Court.

Honorable Gerald Coffman
21 April 1976

Page 2

I believe you have a copy of the officer's report. From it, I conclude the licensee may well have violated K.S.A. 41-2708(b)(e)(g) and (h), as follows:

- (1) 41-2708(b) because, "the provisions of the act" include the 41-2704 prohibitions against the sale of cereal malt beverages between twelve midnight and six o'clock a.m., and the operating of a private room in the tavern. I am not confident you could prove they were selling cereal malt beverages between midnight and six a.m., but I am pretty confident you could prove they were operating a private room in the tavern, in violation of the statute.
- (2) 41-2708(e) because there might have been a sale of beer to minors Kimberly Gowers and Mario Barbosa. However, without these two as witnesses, we probably could not make this stick, on appeal.
- (3) 41-2708(g) because there was obviously gambling going on.
- (4) 41-2708(h) because it appeared drinks were being mixed. This also would be difficult to prove, unless the officers smelled or tasted what was in the glasses, but the mere possession of alcoholic liquor in a tavern is a violation of 41-2704.

In short, I think the governing body should, within the next few days, determine whether or not it wishes to proceed further with this and, if so, in which of the three types of actions. Should the governing body accept my recommendation of holding a hearing to determine whether or not the license should be revoked or suspended, the date picked for the hearing should be far enough ahead to give me opportunity to prepare and deliver notice of the hearing to the licensee well in advance of five days prior to the hearing.

Yours truly,

COFFMAN, JONES & GILLILAND

Regular Meeting of Overbrook City Council--July 14, 1976

The regular meeting of the Overbrook City Council was held on July 14, 1976, at 7:30 p.m. Councilmen Duncan, Stout, and Ufford were present. Dale Fox, Bob Brown, Jim Hayes, and Mr. and Mrs. Kenneth Green were also in attendance. Mayor Coffman presided.

A motion was made by Stout to approve Mayor Coffman's endorsement of Davi Jones to fill the unexpired term on the council of Jean Ingersoll who resigned her position on the council. The vote on the motion was unanimous in favor of the appointment, and Mrs. Jones accepted the oath of office.

Mayor Coffman announced that the case involving Norma Mitchell's beer license had been brought before district court earlier in the day of the council meeting. He stated the judge upheld the City's 60 day suspension, and as a result Norma's license will be suspended a total of 60 days including the time during which the suspension was in effect prior to the court date.

Ufford stated he had spoke with City Clerk, Leonard Atchison regarding his interest in resigning. Ufford informed the council that Atchison confirmed his desire to resign provided a suitable replacement could be found. Ufford informed the council that Barb Williams is interested in the job, and he would be in favor of installing her as city clerk as soon as she can be worked into the position. The other council members agreed with Ufford's proposal, and Barb will be asked to attend the next meeting to gain familiarity with the job.

Jim Jungman informed the council of his thoughts concerning the proposed drilling of a new City well. The discussion mostly centered upon the most suitable location for drilling the well, and Jungman advised it would not be wise to go west of the existing wells. If it is necessary to cross the road to the west he recommended it would be best to stay as close to the road as possible. Mayor Coffman and Bob Duncan plan to contact Bill Baldwin and Leona Wright about obtaining rights to drill on their property.

Kenneth Green asked the council if it had received any complaints toward his trash hauling service. A couple of minor complaints were discussed, and it was not necessary to have Green do anything about the complaints at the present time. Green then mentioned that two businesses, Strawberry Patch and Brookside Manor, had more trash than he expected, and he wanted to know what would be the proper steps to take in increasing his charge to the two businesses. The council suggested that he talk to Duane Wilson and Cliff Fischer regarding the problem with their respective businesses. Green indicated he did not feel he could reach an agreement with Fischer, so the council decided to invite Fischer to the next council meeting in hope of deciding upon an agreeable rate.

A proposed ordinance for enacting a telephone franchise agreement was presented by the Mayor. The council reviewed the proposed ordinance and decided to return it to the telephone company with a request for a 3% gross receipts tax and the addition of a section providing for fire department phone service at a constant rate during the period of the franchise agreement.
